*In Step is a renewal weekend born out of the Cursillo Movement in the Diocese of Texas. It is a product of Bishop Fisher's request that we experiment with new ways of expressing the profound renewal of Cursillo. It is not meant to replace the current Cursillo weekend. But rather is a time for people to reinvigorate the Practice of keeping a missional rhythm of life (prayer or piety, study, action).*

*This will help new people spring into small groups; and it will be an opportunity for those experienced in the Movement to get back in Step with Christ as they walk their life's journey.*
